Natural birth control is a method of preventing pregnancy without the use of medications or physical devices. These concepts are based on awareness and observations about a woman's body and...

Natural Birth Control: Other Methods of Contraception

Contraception is wrong because it's a deliberate violation of the design God built into the human race, often referred to as "natural law." The natural-law purpose of sex is procreation. The pleasure that sexual intercourse provides is an additional blessing from God, intended to offer the possibility of new life while strengthening the bond of intimacy, respect, and love between husband and wife.

Birth Control Methods & Options | Types of Birth Control

The latter was struck down by the US Supreme Court in 1972. In 1968 the Roman Catholic Church published the encyclical letter *Humanae Vitae*, which concluded that all methods of birth control except periodic continence were a violation of natural law, and therefore the Church prohibited them. Rock was deeply disappointed by this outcome, as were many other Catholics; a number of priests resigned after the decision was published.
