There isn't a clear and obvious solution to what has been ailing Muzzin and Holl - or the team as a whole for that matter - but it will be Keefe that is tasked with finding one. The Leafs' bench boss has thrown his defensive pairings into the blender a bit in recent losses to Pittsburgh and Carolina but it turned out to be too little, too late. The time to break up his pairings ...

### **Jake Muzzin's rough start exemplifies Leafs' early struggles**

When it comes to making adjustments, the solution is fairly simple, but it is important not to jump the gun. Usually, the solution to a fat loss sticking point is to increase energy expenditure, decrease calorie consumption, or both. However, adjustments are better served in small doses. Adding too much energy expenditure through cardio or cutting too many calories, generally leads to two ...

Yes I know it's late, but somebody would probably benefit from this. Using Retrofit2: I came across this problem last night migrating from Volley to Retrofit2 (and as OP states, this was built right into Volley with JsonObjectRequest), and although Jake's answer is the correct one for Retrofit1.9, Retrofit2 doesn't have TypedString.. My case required sending a Map<String, Object> that could ...
