Training Needs Assessment (TNA): Definition & Explanation ...

Training Needs Analysis (TNA) - Things to consider The way a TNA process is managed must depend on the culture (how things are done here). There is no point centralising the process if budgets are distributed across the organisation, equally there is no point delegating responsibility for the TNA process if managers have no say in the ability to offer solutions to meet needs.

Training Needs Analysis (TNA) - sample templates

INTRODUCTION. The purpose of this report is to present the findings of the training needs analysis (TNA) which was completed for the Middle Managers on salary levels 9 - 12 from the Department of Arts and Culture with specific reference to managerial competencies.

Training Needs Analysis (TNA) Introduction. Today's work environment requires employees to be skilled in performing complex tasks in an efficient and cost-effective manner. Training—a performance improvement tool—is needed when there is a perceived gap between the actual level vis-à-vis the expected level of job performance.

Training Needs Analysis (TNA) Introduction

A successful training needs analysis will identify those who need training and what kind of training is needed. It is counter-productive to offer training to individuals who do not need it or to offer the wrong kind of training. A Training Needs Analysis helps to put the training resources to good use.
